Bromelkamp Academy is Coming to Grand Rapids, Michigan

Minneapolis, MN; April 23, 2018: Ongoing training is an important part of any job, and foundation staff are no exception. Bromelkamp Company LLC clients continuously engage in database training to maximize the functionality of their software, a key tool in furthering the mission of their foundation. Bromelkamp Company is pleased to announce the 2018 Bromelkamp Academy, a three-day, in-person group training. Academy courses encompass all levels of expertise and are specialized for finance, program, executive, and administrative staff who use either Akoya.net or Pearl software.

While retaining the celebrated Pearl learning track, Bromelkamp Academy 2018 will feature expanded options for Akoya.net users. The Basic Akoya.net track will provide a solid foundation of skills including essential features and functions, how to customize your database to work for you, and investigate the integration between Akoya.net and Microsoft Outlook. These classes intend to advance the capability of the student to be confident in understanding and customizing forms, views, charts, dashboards, reports, workflows and business processes, and maintaining an accurate and complete database. The Advanced Akoya.net track is designed for system administrators and power users to further develop their relationship with the automation features and accounting processes of Akoya.net, as well as delve into the integration of Akoya.net with Microsoft Outlook.

Pearl software users have an opportunity to advance their database skills through the Pearl learning track. This track features courses in basic queries and reports, fund accounting, duplicate detection, and merge letters. Bromelkamp Company recognizes that foundation and grants management software is a considerable investment that also includes ongoing staff training. Making the most of a database involves knowledgeable users who utilize all functions. Such investment in ongoing training strengthens a foundation's impact.

The 2018 Bromelkamp Academy will be held July 18-20, at the Grand Rapids Community Foundation in Grand Rapids, Michigan. Registration opens May 1, 2018, with the Early Bird deadline of June 8. Registration closes Friday, June 22, 2018. For more information and details, please visit: <https://bromelkamp.com/academy>

In place of the Academy networking reception, we are throwing a birthday party! Bromelkamp Company invites clients to celebrate 40 years of software and service to foundations. If you are unable to attend the 2018 Bromelkamp Academy and would like access to training either in your office or via webinar, please contact Anna Kerben. She can be reached at anna@bromelkamp.com or at 612.767.6701 ext. 10.
